Remember - It is important to report your injury to your employer. **Medical Care**

You are entitled to reasonable and necessary medical care for work-related injuries or diseases. Employers or their insurance carriers are required by law to provide these services. During the first 28 days of treatment, your employer has the right to choose the physician. After 28 days you are free to change physicians, but you must notify your employer of the change. If you receive treatment from a physician of your choice, you shall obtain and promptly furnish a report to your employer.

If your employer refuses to provide medical care, you should contact Michigan's Workers' Disability Compensation Agency at its toll-free telephone number: 1-888-396-5041.

You should not receive a bill from a health care provider for treatment of a covered work-related injury or illness. If you do receive such a bill, you should contact your employer or the employer's insurance carrier.

You are entitled to weekly workers' compensation benefits if you suffer a wage loss for more than seven consecutive days. These benefits may be claimed as long as a disability and wage loss continue. Generally, the benefit rate is 80% of your after-tax average weekly wage, subject to a maximum rate.

If you are unable to perform the work that you have done previously, you are entitled to vocational rehabilitation. The number one goal is your return to work with your employer. If you cannot do this or

require assistance in finding a new job, vocational rehabilitation services can help.

PAID MEDICAL LEAVE ACT

GOVERNOR

02-2017

Wage and Hour Division PO Box 30476, Lansing, MI 48909-7976

Michigan Department of Licensing and Regulatory Affairs

REQUIRED POSTER GENERAL REQUIREMENTS – PAID MEDICAL LEAVE ACT*

SUSAN CORBIN

Coverage - The Paid Medical Leave Act, 2018 Public Act 338, as amended by 2018 Public Act 369, effective March 29, 2019, covers employers who employ 50 or more individuals. The act covers individuals engaged in service to an employer in the business of the employer and from whom an employer is required to withhold for federal income tax purposes. An eligible employee does not include executive, administrative, and professional overtime exempt employees, employees covered by a private collective bargaining agreement that is in effect, employees of the United States government, another state, or a political subdivision of another state, individuals whose primary work location is not in this state, individuals 16-19 years of age being paid the youth training wage in accordance with the Improved Workforce Opportunity Wage Act, temporary employees as described in the Michigan Employment Security Act, variable hour employees as defined by 26 CFR 54.4980H-1, employees covered by the Railway Labor Act and Railroad Unemployment Insurance Act, individuals employed by an employer for 25 weeks or fewer in a calendar year for a job scheduled for 25 weeks or fewer, individuals who worked, on average, fewer than 25 hours per week during the immediately preceding calendar year. (See section 2 of The Paid Medical Leave Act, 2018 Public Act 338.)

Paid Medical Leave Accrual - Paid medical leave accrual begins on March 29, 2019, or upon commencement of the employee's employment, whichever is later. Paid medical leave is accrued at a rate of 1 hour for every 35 actual hours worked; however, an employer is not required to allow accrual of over 1 hour in a calendar week or more than 40 hours in a benefit year. A benefit year is any consecutive 12-month period used by an employer to calculate an eligible employee's benefits. Employees can carry over up to 40 hours of unused accrued paid medical leave from one benefit year to the next; however, employers are not required to allow employees to use more than 40 hours in a single benefit year. An employer may provide the total amount of paid medical leave all at once by providing at least 40 hours at the beginning of the benefit year or on the date that the individual becomes eligible during the benefit year on a prorated basis. If an employer adopts this practice, it does not have to permit employees to carry over unused leave to the next benefit year. (See section 3 of the Paid Medical Leave Act, 2018 Public Act 338).

Paid Medical Leave Usage - An employee may use paid medical leave as it is accrued except an employer may require an employee to wait until the 90th calendar day after commencing employment before using accrued paid medical leave. Paid medical leave must be used in 1-hour increments unless the employer has a different increment policy set forth in writing in an employee handbook or other employee benefit document. Employees must follow the employer's usual and customary notice, procedural, and documentation requirements for requesting leave. The employee must be allowed

at least 3 days to provide documentation. Employees may take paid medical leave for any of the following: · Physical or mental illness, injury, or health condition of the employee or his or her family member

- Medical diagnosis, care, or treatment of the employee or employee's family member • Preventative care of the employee or his or her family member
- · Closure of the employee's primary workplace by order of a public official due to a public health emergency • The care of his or her child whose school or place of care has been closed by order of a public official due to a public health emergency
- The employee's or his or her family member's exposure to a communicable disease that would jeopardize the health of others as determined by health authorities or a health care provider
- For domestic violence and sexual assault situations, employees may use paid medical leave for any of the following: Medical care or psychological or other counseling
- Receiving services from a victim services organization
- Relocation and obtaining legal services
- · Participation in civil or criminal proceedings related to or resulting from the domestic violence or sexual assault
- Employee Rights An employee may file a complaint with the Department of Labor and Economic Opportunity (LEO) within 6 months of the alleged violation. LEO shall investigate a complaint and attempt mediation, where appropriate. Penalties - If informal resolution is unsuccessful and a violation found, payment of paid medical leave improperly withheld will be requested and penalties may be imposed. An employer who fails to

provide paid medical leave is subject to an administrative fine of not more than \$1,000.00. An employer who willingly violates the posting requirement is subject to an administrative fine of not more than \$100.00 for each separate violation.

Under the MIOSH Act and a state plan approved in September 1973 by the U.S. Department of Labor, the Michigan Department of Labor and Economic Opportunity is responsible for administering the Act. Department representatives conduct job site inspections and investigations to ensure compliance with the Act and with safety and health standards.
