EMPLOYEE INFORMATION

The Missouri Division of Workers' Compensation (DWC) administers programs for workers who have been injured on the job or exposed to an occupational disease arising out of and in the course of employment. The Division's Administrative Law Judges have the authority to approve settlements or issue awards after a hearing relating to an injured employee's entitlement to benefits.

Steps to Take When Injured on the Job

1. Notify your employer immediately (written notice must be provided within 30 days of the accident/or 30 days after the diagnosis of any occupational disease or repetitive trauma) by contacting

employer representative

phone number

***Failure to do so may jeopardize your ability to receive benefits**

2. Ask your employer to provide medical treatment (your employer/insurer is responsible for providing medical treatment and paying the medical fees and charges unless you choose to treat with another doctor at your own expense without your employer/insurer's approval).

3. Get more information about the benefits available under the Workers' Compensation Program or about the steps you may take to get the benefits you need. Visit www.labor.mo.gov/DWC or call 800-775-COMP.

Benefits for Injured Employees

Medical Care:

The employer or insurer is required to provide medical treatment and care that is reasonably required to cure and relieve the effects of the injury. This includes all costs for authorized medical treatment, prescriptions, and medical devices. There is no deductible, and all costs are paid by the employer or its workers' compensation insurance company. If you receive a bill, contact your employer or the insurance company immediately. The employer/insurer has the right to choose the healthcare provider or treating physician. You may select a different healthcare provider or treating physician, but if you do so, it may be at your own expense.

Payment for Lost Wages:

- If a doctor says you are unable to work due to your injuries or recovery from a surgery, you may be entitled to **temporary total disability** (TTD) benefits. If a doctor says that you can perform light or modified duty work and your employer offers you such work, you may not be eligible for TTD benefits. TTD benefits should be continued until the doctor says you can return to work, or when your treatment is concluded because your condition has reached "maximum medical improvement," whichever occurs first.
- If you return to light or modified duty at less than full pay, you may be entitled to **temporary partial disability** benefits.

Permanent Disability Benefits:

If the injury or illness results in a permanent disability, you may be entitled to receive either permanent partial or permanent total disability benefits.

Survivor Benefits:

If a work-related injury causes an employee's death, the surviving dependents may receive weekly death benefits paid at 66 2/3% of the deceased employee's average weekly wage along with funeral expenses up to \$5,000 from the employer/insurer. For additional information relating to survivor's benefits, including college scholarship opportunities for surviving children, please visit www.labor.mo.gov/DWC.

Additional Benefits for Occupational Diseases Due to Toxic Exposure - Permanent Total Disability and/or Death:

For information relating to additional benefits available, please refer to the Division's website at www.labor.mo.gov/DWC/Injured_Workers/benefits available.

Workers' Compensation Law
Roles and Responsibilities for Employers and Employees

EMPLOYER INFORMATION

With some exceptions, all employers with five or more employees, and construction industry employers with one or more employees, are required to insure their workers' compensation liability, either by purchasing a policy or obtaining selfinsurance authority. Workers' compensation insurance provides benefits to workers injured on the job. Employers also are required to post this notice in the workplace for employees to view. This poster is required by section 287.127, RSMo, and is available to employers and insurers free of charge by contacting the Division at 800-775-Comp.

Steps to Take When an Injury Occurs

1. Be sure first aid is administered and the employee is taken to a physician or hospital for further medical care, if necessary.
2. Report the injury to the insurance company or Third Party Administrator (TPA) within five days of the date of injury or within five days of the date on which the injury was reported to the employer by the employee, whichever is later. The insurer, TPA, or Division approved self-insurer is responsible for filing a First Report of Injury with the Division of Workers' Compensation within 30 days of knowledge of the injury.
3. Pay medical bills related to the work injury to cure and relieve the employee of the effects of the injury. This includes all costs for authorized medical treatment, prescriptions, and medical devices. The employer has the right to choose the healthcare provider or treating physician. (The employee may select a different healthcare provider or treating physician, but if the employee does so, it may be at his/her own expense.)
4. For more liability and insurance information relating to the Workers' Compensation Program, visit www.labor.mo.gov/DWC or call 800-775-COMP.

Workplace Safety

Developing and implementing a comprehensive safety and health program can reduce occupational injuries and help lower workers' compensation costs. Insurance carriers in the state of Missouri must provide safety assistance at the request of the insured employer. The Missouri Department of Labor evaluates these services and provides additional assistance through its Missouri Workers' Safety Program.

Visit www.labor.mo.gov/MWSP or call 573-751-4231 for more information about these programs or for a registry of independent consultants who are certified in the state of Missouri to provide safety assistance.

A subsequent violation is a class D felony.

Employer Fraud – knowingly misrepresenting an employee's job classification to obtain insurance at less than the proper rate is a class A misdemeanor. A subsequent violation is a class E felony. An employer who knowingly makes a false or fraudulent statement regarding an employee's entitlement to benefits to discourage the worker from making a legitimate claim or who knowingly makes a false or fraudulent material statement or material representation to deny benefits to a worker is guilty of a class A misdemeanor punishable by a fine of up to \$10,000. A subsequent violation is a class D felony.

Insurer Fraud – knowingly and intentionally refusing to comply with workers' compensation obligations to which an insurance company or self-insurer knows an employee is entitled is a class E felony, punishable by a fine of up to \$10,000 or double the value of the fraud, whichever is greater. A subsequent violation is a class D felony.

Employer Noncompliance – knowingly failing to insure workers' compensation liability under the law is a class A misdemeanor punishable by a fine of up to three times the annual premium the employer would have paid had it been insured or up to \$50,000, whichever is greater. A subsequent violation is a class E felony. An employer who willfully fails to post the notice of workers' compensation at the workplace is guilty of a class A misdemeanor punishable by a fine of \$50 to \$1,000 or by imprisonment or both fine and imprisonment.
